

Postdoctoral Research Associateships

The Materials Science and Engineering Laboratory at the National Institute of Standards and Technologies (NIST), is looking for excellent post-doctoral candidates to submit applications to the National Research Council (NRC) Postdoctoral Research Associateship Program competition. In addition, the NRC will administer a new Postdoctoral research program funded through the American Recovery and Reinvestment Act (ARRA). Applications for this competition are due Nov. 1st 2009. Both competitions are open only to US Citizens. To learn more about these exciting opportunities, one can view our Youtube video:
