LATICRETE International

LATICRETE International, a global leader in construction chemicals, is seeking an entry-level chemist to join our R&D team. We are a family-owned and operated business that values family, diversity, collaboration, and invention. We’ve been in business for 65 years, across three generations, and are available in 100 countries. In 2017, The Hartford Business Journal named us one of Connecticut’s Top Family Owned Companies!

In this role, you will develop and conduct complex chemical studies and experiments on organic and/or inorganic formulations. The Chemist is responsible for performing accurate formulation and analytical tests, a vital role in ensuring our business continues to be first to market in construction solutions.

If you are interested in joining our team, please apply directly on our website: https://laticrete.wd1.myworkdayjobs.com/en-US/laticreteinternational/job/Connecticut-Bethany---Bld2/Chemist_R-21-1282

Just some of our benefits:
